TECHNICAL SKILLS

Programming
Python, Java, JavaScript

Data Analysis
Pandas, NumPy, R, Statistics

Databases
SQL: MySQL ,PostgreSQL, SQLite

Tools
Git / GitHub, Android development, QGIS

PERSONAL SKILLS AND LANGUAGES

Responsible, proactive, detail-oriented, communicative, and a strong team player.

- **Catalan**: Native, C1 Certificate
- **Spanish**: Native
- **English**: B2 Certificate (current level: C1)

OTHER INFORMATION

- Driving license B (own vehicle).
- Available for travel and flexible hours.

PROFESSIONAL PROFILE

Software developer with experience building applications in **Python**, **Java** and **SQL**, and a strong analytical foundation from my background in biology and data analysis. I have developed real-world tools in scientific environments and enjoy creating backend and data-driven applications that solve practical problems.

PROJECTS

BestBefore – Food Expiration Prediction Tool | Python · Streamlit · Pandas

Python application built with Pandas and Streamlit to estimate food expiration dates using statistical rules.

- Demo: https://bestbefore.streamlit.app/

CloudyPlane – Mobile Game | Unity · C#

Mobile game with collision mechanics, scoring system and gameplay logic.

- Github: https://github.com/cristinarecasens/CloudyPlane

Personal Portfolio Website | HTML · CSS · JavaScript

Responsive website developed to showcase software and data projects.

- Github: https://github.com/cristinarecasens/Portfolio

PROFESSIONAL EXPERIENCE

Application Development Technician (FP DUAL)

IRTA | Sep. 2024 - June 2025

- Developed interactive scientific applications in **Python**, including the *BestBefore* application.
- Performed data analysis and processing using **Python** and **SQL**.
- Collaborated with research teams to develop technical tools for scientific projects.

Environmental Educator, English Teacher & Activity Coordinator

EIX ESTELS | 2015 – 2023

Team coordination, design and implementation of projects, effective communication.

Wildlife Research Assistant

SEFaS (UAB) | Feb. 2017 - Sep. 2017

- Statistical analysis of results using **R** and **QGIS**.

ACADEMIC BACKGROUND

Certificate of Higher Education in Multiplatform Application Development

INS Palamós | Sep. 2023 - June 2025

Certificate of Higher Education in Web Application Development

INS Palamós | Sep. 2025 - Now

Master's Degree in Terrestrial Ecology and Biodiversity Management

Autonomous University of Barcelona | Sep. 2016 - Sep. 2017

- Wildlife management through statistical analysis and modeling (R and QGIS).

Bachelor's Degree in Biology

Autonomous University of Barcelona | Sep. 2011 - June 2015
